**RECOMMENDATION**

Presently pending in this case is the Defendants' motion for attorneys' fees (Docket Entry 109). This matter was referred to the undersigned for a settlement conference by Judge Sharp (Docket Entry 114).

The Magistrate Judge conducted a telephone conference with the parties about the matter on April 7, 2014.

The parties advised that they have reached a final settlement concerning attorneys' fees and signed appropriate releases in the matter.

Accordingly, the Magistrate Judge recommends that Judge Sharp TERMINATE the motion for attorneys' fees as moot, and enter a final order DISMISSING this case with prejudice.

It is so ORDERED.
